

2021 Wild Child 100 Tire Rule

- Race tires must be purchased at Corrigan Oil Speedway. All tire & fuel sales occur at the COS scale house. Teams will be given a receipt to give to COS official at the Tire Barn to select tires.
- The Wild Child 100 is a 4 tire event. Teams may practice on any tire. Teams may purchase and Certify no more than 8 tires.
- Tires will be powdered, scanned and 'Certified' to car and driver. All tires used in competition (Heat, LCS and Features) must be Certified Tires. Tires will be inspected in hot shoot prior to entering the racing surface to ensure Certified Tires are in use for every race event. There will be **NO TIRE SOAKING.**
- Certified Tires must remain in plain sight within proximity of car/pit area at all times. At no time may Certified Tires enter into trailer or be covered up.
- COS officials will break down and inspect select tires upon Feature event completion.
- COS officials reserve the right to inspect any tire at any time.
- Current Certified Tires that are in impound for BIG 8 Series events may be scanned in and out and used in competition in the Wild Child 100.
- Certified Tires that are used in competition in the Wild Child 100 may be impounded for use in future BIG 8 Series races. Tires must be returned to COS impound and scanned in within 30 minutes of Feature event completion.
- All Certified Tire inquiries should be directed to COS Tire Officials or Big 8 Series Director Scott Cunningham.
