

2022 Enduro Figure 8 Rules 30 Laps

- 1) **Note: All Destruction General Rules Apply**
- 2) Race cars, Enduro cars and most Destruction cars allowed with the following safety rules.
- 3) Driver door protection mandatory. Unsafe cars will not be allowed to race.
- 4) Vehicles must have at least one of the following:
 - a) **Option 1:** A full cage.
 - b) **Option 2:** A steel plate at least ¼” thick that overlaps each end of the driver’s door by at least 6” and is at least 14” high and secured with at minimum 4 ½” bolts. A spreader bar (large bar, I-beam) pipe just behind seat connecting one side of the car to another at bumper height approximately 12” off the floor with at least an 8”x8” plate attached to the bar connected to both sides of the car. Without a cage or approved spreader bar, cars are not eligible to run.
- 5) Radiator protection OK.
- 6) **ABSOLUTELY NO BARS/REINFORCEMENT FROM CORE SUPPORT TO FIREWALL ALLOWED.**
- 7) Down bars end in front of upper control arms. On FWD, in-line with lower control arm mount.
- 8) No bars through firewall.
- 9) Rear down bars cannot pass through back seat. Must connect to floor in front of upward angle of interior.
- 10) No ¾ ton pick-up trucks, full size vans or full size 4wheel drives.
- 11) Driver’s door net mandatory.
- 12) **HELMETS, FIRESUIT, GLOVES, NECK BRACE AND 5-POINT HARNESS REQUIRED.**
- 13) D.O.T. Radial Tires Only.
- 14) No Antifreeze.
